

WELCOME TO STACKS

The New Research Experience

WHAT IS **STACKS**

- Responsive Website Content Management System (CMS)
- Seamless, turnkey integrations
- Mobile apps available for iOS and Android via Stacks Mobile
- Three offerings:
 - Stacks LITE
 - Stacks Core
 - Stacks Premium

FOCUS ON **USABILITY AND DESIGN**

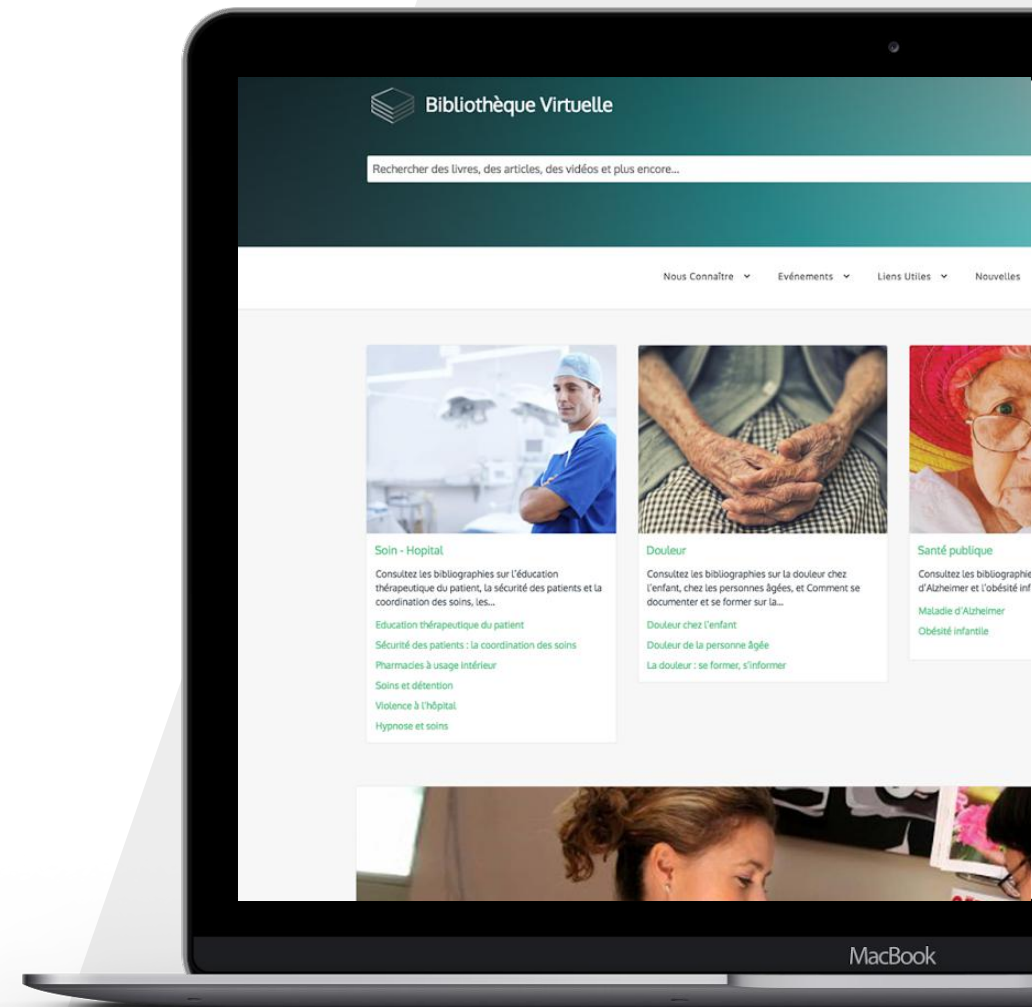

- Easy to use administration interface with plug and play EBSCO Discovery Service™ (EDS) integration
- Responsive design - works on phones, tablets and televisions with no technical ability required
- User experience best practices for both administrators and users
- Emphasis on accessibility

CREATE A NEW RESEARCH EXPERIENCE

Build, manage and host a dynamic research portal empowering you to create a robust experience for you and your users

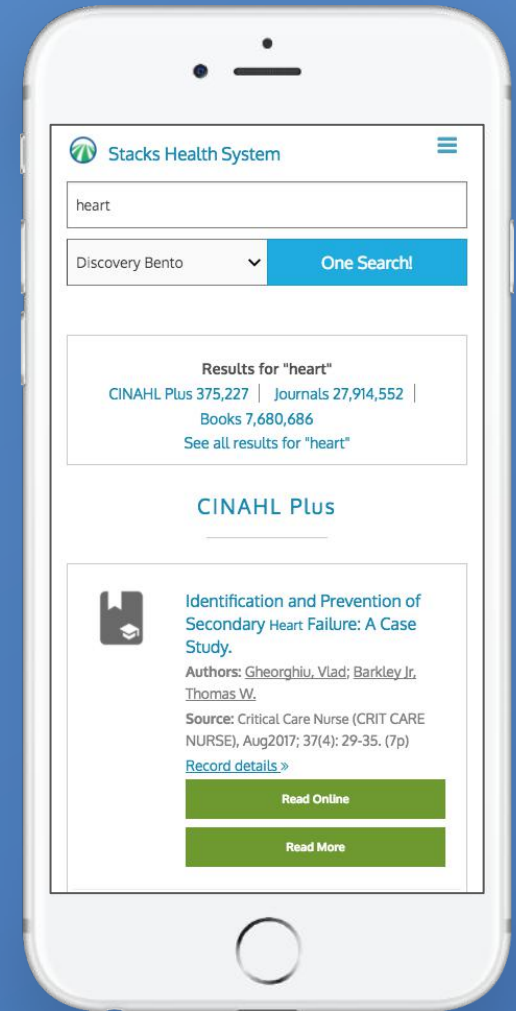

- Everything you need to create and manage your digital research experience
- All browsers and all devices supported to ensure everyone stays connected
- Rich and unique responsive EBSCO Discovery Service™ (EDS) integration for an optimal search experience

ENABLE RESEARCH ON-DEMAND

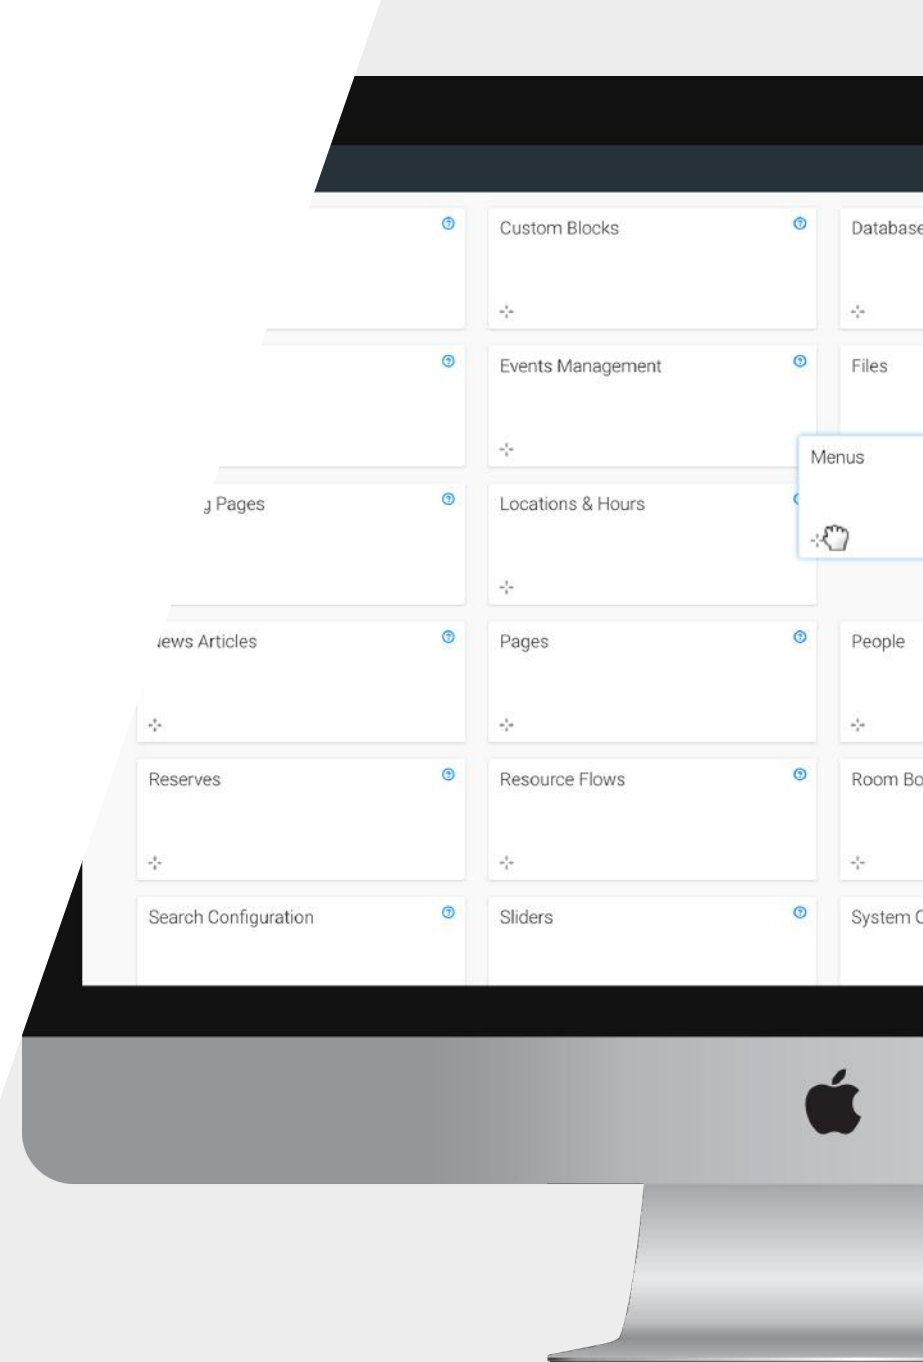

Bring better visibility to your resources through the mobile app (**additional fees apply**)

- Native mobile apps available for iOS and Android devices
- Take your research experience anywhere
- Easy to manage through the administration dashboard

CONNECT AND **DISCOVER**

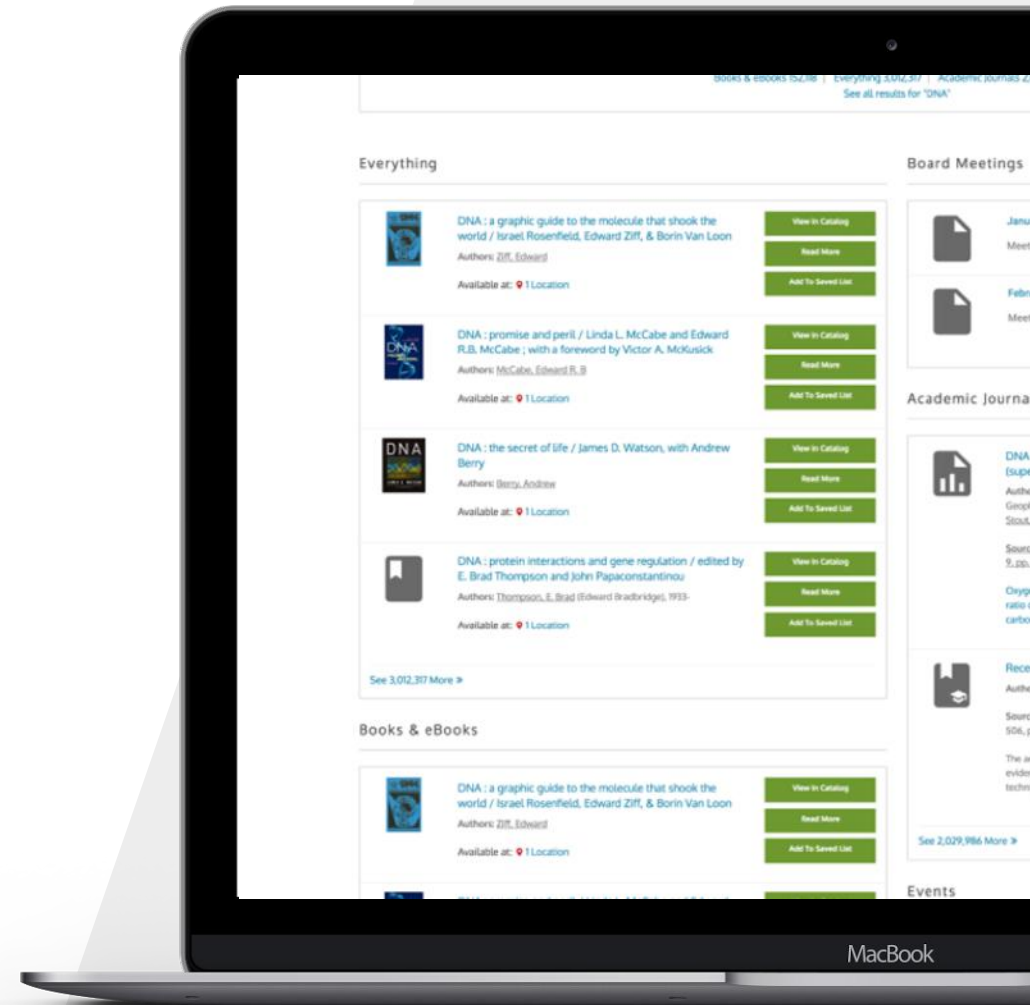

- **Authenticate** with SSO providers such as OpenAthens, ILS providers and more
- **Connect** to all our information resources
- **IP Whitelist** for onsite access to content
- **Analytics** track and report site traffic and details
- **And more...**

MAKE SEARCHING EASY

Directly search the EBSCO Discovery Service™ (EDS) interface or keep users in the same environment with unique search overlays.

- Access all resources from one search bar
- Surface content and resources in just one click
- Get relevant results every time
