WELCOME TO
STACKS
The New Public Library Experience
WHAT IS STACKS

• Responsive Website Content Management System (CMS)
• Seamless, turnkey integrations
• Mobile apps available for iOS and Android via Stacks Mobile
• Built specifically for libraries
FOCUS ON USABILITY AND DESIGN

• Easy to use administration interface with plug and play *EBSCO Discovery Service™* (EDS) integration

• Responsive design - works on phones, tablets and televisions with no technical ability required

• User experience best practices for both administrators and users

• Promote programs and manage registrations in the same place people search, place holds, or access content - all delivered in their preferred language

• Emphasis on accessibility
MADE BY
LIBRARY and WEB PROFESSIONALS

- The best of web and EBSCO Discovery Service™ (EDS) technology
- Total ownership of your library’s digital experience across any device
- The most initiative library experience
ANYTIME, ANYWHERE

• Optimal experiences on all devices
• Browse catalog and/or EDS
• Easily locate databases and full text content
• Read digital content online
• Place and cancel holds

• Check fees and fines
• Review and renew items out
• Online and in-app event registration
• Online and in-app room booking
• And more...
SOFTWARE Subscription Service

Stacks is Software-as-a-Service (SaaS)
• No surprise costs make it easy to budget
• Never worry about expensive upgrades
• Save valuable resources with turnkey integrations
• Never worry about security issues or risks
• High availability cloud hosting with continuous deployment
• Updates & enhancements means your site stays new and fresh
• Seamless Google integrations
• And more...
